ASSUMED QUESTIONS YOU MIGHT ASK + THE ANSWERS YOU SEEK...

1

Can my existing TextBot phone number be transferred to promote MySoftwareBusiness.com Instead?

Yes! Those who join with us can have their existing TextBot reseller phone number transitioned over to the MySoftwareBusiness sequence automatically. You'll just need to let us know. Otherwise, you'll get a new number for MSB and you can keep your TextBot number as is!

2

Does this compete with TextBot?

Absolutely NOT! Since TextBot is shifting to a new and more mainstream business model, MySoftwareBusiness.com is PERFECT for those who still wish to share a "make money" type of message that EVERY DAY PEOPLE will resonate with and get results from. Furthermore, if you're excited about continuing to be an affiliate of the TextBot platform, MySoftwareBusiness will help you do that in a BIG WAY by automatically promoting TextBot in our training and in the back end which will walk people right in with your affiliate link allowing you to collect ANOTHER $100 DIRECTLY as people get setup with AVA!

3

Why did you create this?

Because I am a business opportunity creator and it was time to create something new.

And aren't you glad I did? :)

4

Will my TextBot referrals move over with me?

Yes. Your TextBot team will move with you as long as you've locked in with us at MySoftwareBusiness.com/lockin

5

Will I have to pay the $200 product fee if I'm already active in TextBot before November 15th?

Well, since the $200 is not ALWAYS going to be paid to us... We can't make that decision as that would take the opportunity away from those who are excited about the NEW MONEY + OPPORTUNITY we are providing. I mean c'mon can you blame them? Times are tough and this is going to help a lot of people. Including you, if you let it. So YES, you will have to pay for the product and it's going to cost you $200.

6

Can I still make $500 direct payments as well?

Yes, however it will be done through a myriad of the other programs, software and opportunities you'll be promoting on the back-end of MSB (including TextBot). We don't have any front-end products that you'll be receiving $500 direct payments for at this time. We want to keep this SIMPLE TO DO & SIMPLE TO UNDERSTAND! (Not hit people with a bajillion upsells)

7

I really do not have more $ to spend on this or I feel it's really wrong of you to ask me to pay you more when I've already paid you $___!

if you don't have the $50 to invest in your new business with MSB and you're an active TextBot member - hit us up. Let us know. We'll see what we can make happen to ease that burden for you. Now, if you're saying it's "wrong" of us to ask you to pay $200 for a BRAND NEW PROGRAM - I can see where you're coming from. However..

NEW PRODUCT.
NEW BRAND.
NEW SYSTEMS.
NEW MESSAGE.
NEW MONEY.
NEW INVESTMENT FROM YOU
...AND A SMALL ONE AT THAT.
